The crowning glory of one Toronto home: this lilac-laced bath

WRITTEN BY SHELLEY WOLSON PHOTOGRAPHS BY MICHAEL GRAYDON

OPT FOR READY-MADE Coleman found a traditional-style vanity (tarafingold.com) with plenty of storage underneath that fit into the space. Twin square Kubic mirrors (\$650 each; elte.com) flank the Claremont sconce by Arcraft (\$187; greatlighting.com).

Color and tranquility. That's what the owners of an Arts & Crafts-style home in Toronto had in mind for their bathroom remodel. So designer Tara Fingold Coleman, owner of Toronto-based Tara Fingold Interiors, dreamed up a spa-like lilac-and-white retreat accented with sparkling chrome fixtures and crystal-tinged lighting. The result: a room fit for a queen.

FLOOR PLAN To enlarge the space, Coleman combined it with the old laundry room and a closet.

FLOOR PLAN: STEVE STANKIEWICZ

MAKE THE SHADE To play up the picturesque windows, Coleman sewed a window treatment from Jo-Ann Fabrics' Whisper (about \$30 per yd.; joann.com).

GO FOR GLAMOUR A luxe Canflooyd crystal chandelier (AR18585, about \$270; 905-474-1555) adds elegance with a custom shade by Tara Fingold Interiors.

USE PEACEFUL PURPLE C2's Bella Donna C2-316 LoVo paint (\$55 per gallon; c2paint.com) is calming and sophisticated.

MATCH FIXTURES The McKinley tub filler (from \$530; elte.com) was converted to a floor-mount unit.

SHOWCASE THE TUB The dormer window frames the Balneo Naos tub (\$7,140; bainultra.com).

FLOOR IT White marble Thassos tile (thassos.com) opens up the space even more, while complementing the bathroom's lilac hue.
